

What More Do We Want to See

Given we are still 6 months away from finalizing the Phase III WIP planning targets, with a 4 month review period built in, during today's and tomorrow's meeting, please identify what additional analyses, scenarios, and evaluations you want the WQGIT to have received and reviewed to get ready for going into the:

- October 30-31 PSC meeting
- December 13 PSC meeting
- End of February 2018
- March 2018 PSC meeting

CBPO staff will capture all the requests, summarize them at the end of the meeting and then in the written meeting summary
